The Vision - TO SEE EVERY CHILD FLOURISH

That's the dream that fuels us. We long to see a diverse student population, ethnically and socioeconomically, learning together. To see every child discovering their value and pursuing their purpose. To see the gospel of Jesus bringing reconciliation and restoration to our city through our children. In short, we long to see a city transformed.

What We Do

We give children access to a quality education and to the performing arts. All of our programs offer scholarships, and tuition is income-based, making them accessible to a wide demographic regardless of background, ethnicity, or socioeconomic status.

- Our elementary school offers a holistic, gospel-centered education that includes an enriching academic curriculum, visual & performing arts classes, and individualized learning pathways.
- Our summer camps offer an affordable introduction to the arts, including theater, dance, music, and visual art. Children ages 3-11 express and develop their God-given creativity while developing basic skills.
- Our enrichment program offers performing arts classes during school hours for homeschoolers and after school hours. Our teachers are highly qualified professionals who teach the true art form and develop the whole child.

Our goal is that every student who walks through our doors will *flourish!*
